1. Personal Information

Full name:	Epa
Nickname:	Paujiah
Gender (male/female/other):	Female
Nationality:	Indonesia
Province/City:	West Java/Bandung
Permanent address (as in ID card):	Jl. KH. Sholeh, RT. 002/001, Ds. Sukamanah, Kec. Karangtengah, Kab. Cianjur
Current address:	Jl. Juwita, No. 16, Komplek Taman Cipadung Indah, Panyileukan, Bandung
Primary mobile number:	081223012811
Email:	epapaujiah@uinsgd.ac.id
Other email address:	zjee.bio@gmail.com

2. Education Background

University:	Padjadjaran University
Faculty:	Agriculture
Major:	Agriculture
Cumulative GPA (xx out of xx scale):	3,7
Joining year:	2020
Expected/graduation year:	2024

Other Education

University:	IPB University
Faculty:	Mathematic and Natural Science
Major:	Animal Bioscience
Cumulative GPA (xx out of xx scale):	3,7
Joining year:	2011
Expected graduation year:	2013
Additional information:	<i>Magister Programe</i>

Other Education

University:	UIN Sunan Gunung Djati Bandung
Faculty:	Science and Technology
Major:	Biology
Cumulative GPA (xx out of xx scale):	3,5
Joining year:	2006
Expected graduation year:	2010
Additional information:	<i>Freshgraduate</i>

3. Organization Activities

Top three organization experience in the past 5 years (including social impact initiatives, if any)

4. Work/Internship Experiences

Two most recent work/internship experiences (including experiences in water management, conservation, or related sectors, if any)

Work Experience 1:

Name of organization:	UIN Sunan Gunung Djati Bandung
Job title:	Lecturer
From (MM/YY):	2015
To (MM/YY):	Now
Role description/responsibilities (max. 100 words)	As lecturers who focus on the area of aquatic biology, almost 10 have become teachers of sciences related to this field. Environmental sciences, development and structure of aquatic animals and biological products are sciences related to the field of aquatic biology. One of the outputs resulting from the learning process is water filters, ecoenzymes, and short articles published in reputable journals. Becoming a speaker on the use of aquatic resources in community service programs has often been done. Apart from that, the research that has been carried out also focuses on aquatic biological resources.

Work Experience 2:

Name of organization:	UIN Sunan Gunung Djati Bandung
Job title:	Auditor Halal for Drink
From (MM/YY):	2023
To (MM/YY):	2028
Role description/responsibilities (max. 100 words)	Being an auditor in the beverage sector is another work experience. In my practice as an auditor, I have a lot of experience regarding how to ensure that the drinks consumed by the public comply with the halal standards of a product. Apart from that, water quality testing is one part that must be carried out by a company so that the water quality meets the drinking water quality standards set by the government. From my experience working in this field, adding valuable experience to me regarding current water quality has especially strengthened me to maintain the quality of water sources.

5. Achievements/Awards/Academic Studies/Research Paper

Top three achievements in the past 3 years (focused on water resources, environmental sustainability, or related fields, if any)

Achievement 1:

Achievement Name:	Speakers
Organizer:	UNILA (Universitas Lampung)
Year Received:	2023
Description of impact, scale, etc. (max. 50 words)	Being a speaker at the international conference on medical science and health (ICOMESH) was a valuable moment because I was able to share information about the environmental health conditions of estuary waters in Cianjur district and other water areas in West Java together with other international academics. A lot of important information about the health of the aquatic environment has been discussed and resulted in a follow-up plan for the program to keep the aquatic environment healthy.

Achievement 2:

Achievement Name:	Authors
Organizer:	Biodiversitas Journal
Year Received:	2023
Description of impact, scale, etc. (max. 50 words)	Publishing the results of research on aquatic biological resources in a reputable international journal is one of my awards in 2023. Writing about how the estuary water environment influences fish growth conditions is an interesting topic. This article can be useful for the scientific community and the wider community to provide information regarding sustainable management of estuarine waters.

Achievement 3:

Achievement Name:	Speakers
Organizer:	Fishermen's Community in Cianjur District
Year Received:	2022
Description of impact, scale, etc. (max. 50 words)	Be a speaker in one of my achievements. In 2022, I am trusted to be a speaker and discuss the diversity of processed products from estuarine and coastal waters at fishermen's forums in Cianjur district. Furthermore, topic about management of estuary and coastal areas was another topic presented at the forum.

6. Skills and Interest

Skills (e.g., public speaking, graphic design, analytical thinking, etc.)	I often doing analysis of the data. So, analytical thinking is the one of my skills. Furthermore, I often be one who trusted for head the programs. So, be a manager is other my skills.
Interests (e.g., cooking, hiking, dancing, etc.)	Have delicious food, good mood and healthy body are the important thing in our life. So, cooking, singing, hear the music and sport is my interests.
